

HÖRTY KITTEN CLUB

Stray Kittens...

In Mexico, it is estimated that every year 500,000 dogs and cats are abandoned.

Our project Focused on Los Michis based on the fact that they are more distrustful, protect each other and their probability of being fed is lower than that of a Dog, since based on their snort and distrust of smoke, they scare us and scare us.

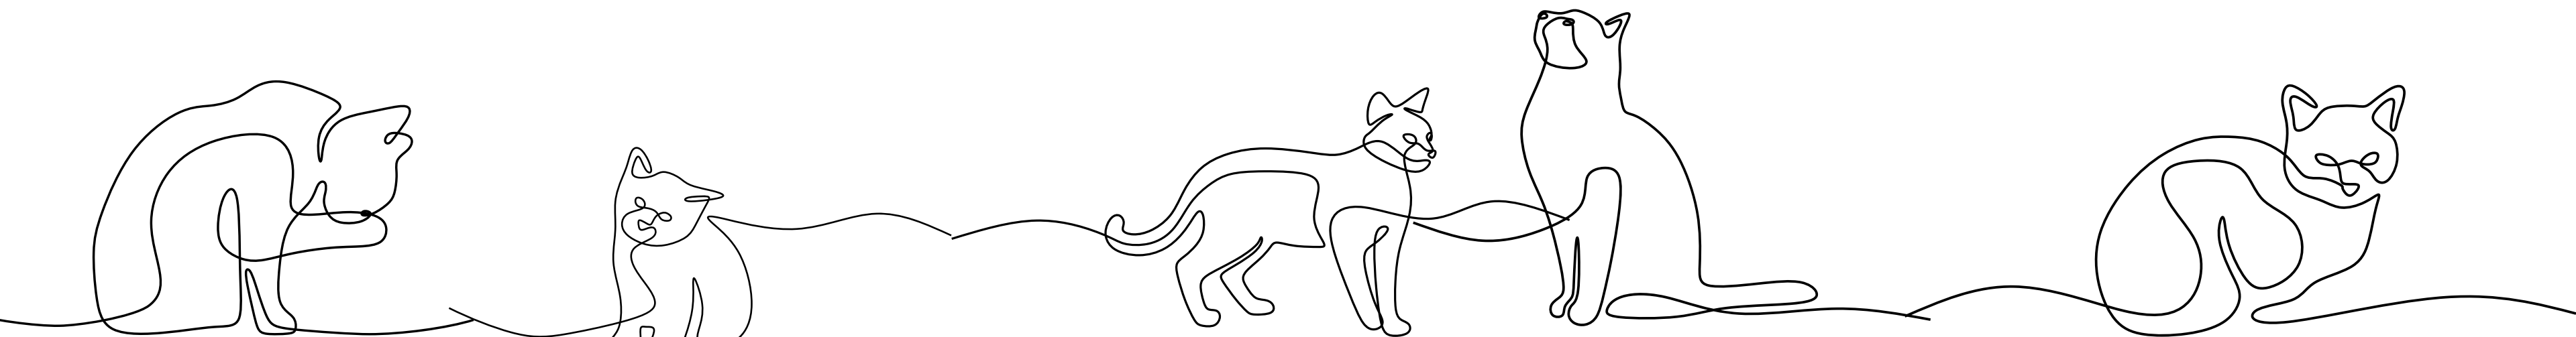

How to help

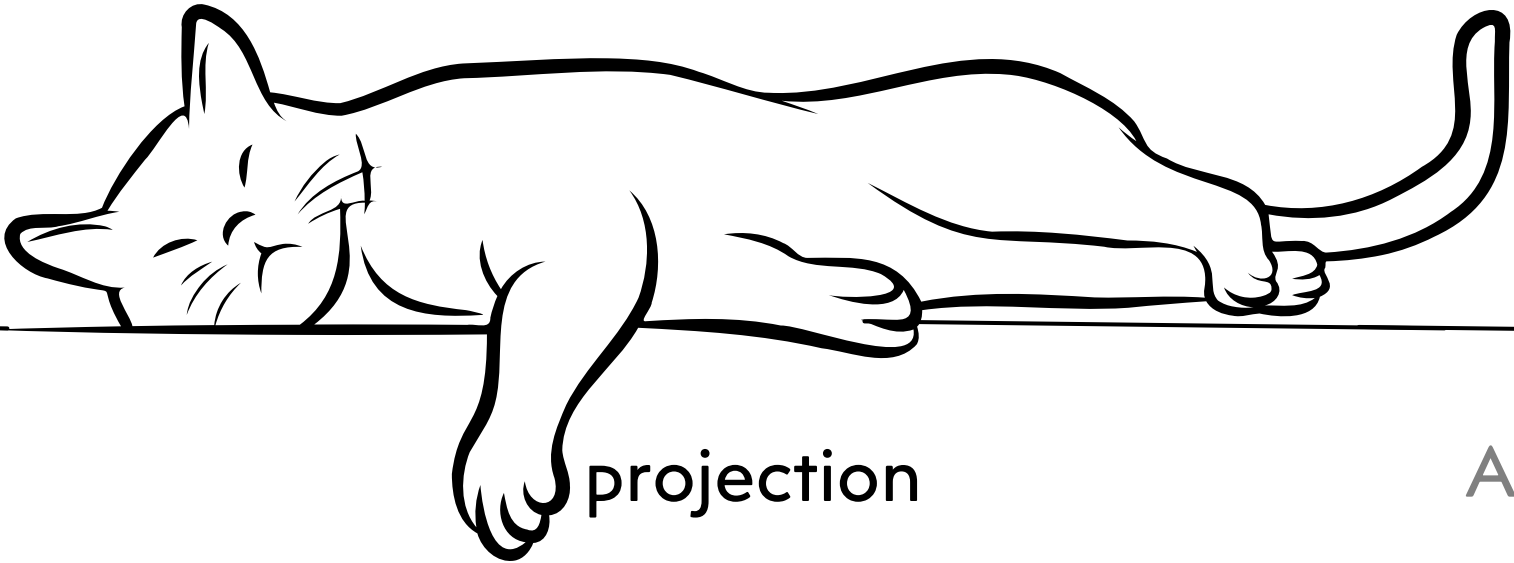

We want you to join the Horty kitten Club through an Nft

We can be part of the Great Change so that the rate of poisoning, mistreatment and much much suffering of these little naughty ones is reduced, which is more than proven to reduce stress then...

Michi without a leash belongs to who sees

BUSINESS MODEL

Main ideas

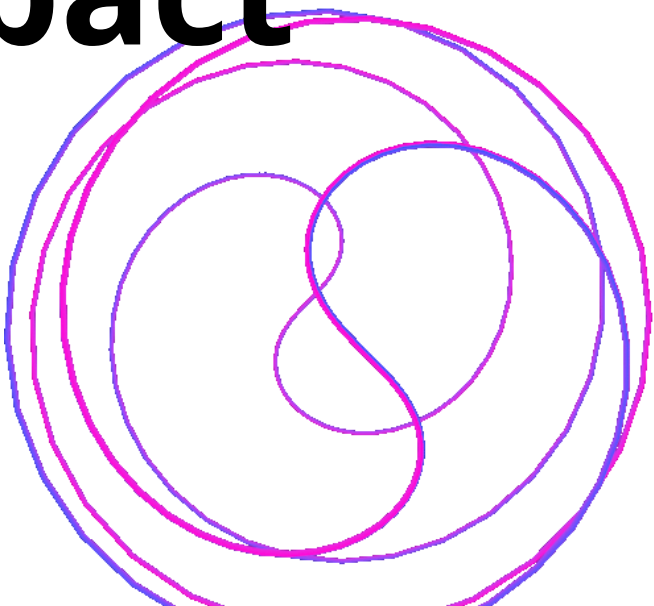

Be transparent with users through the implemented feeders, helping at least more than 8 cats per week [up this estimate]

Raise awareness to reduce abuse and promote adoptions

Abstract

We will be able to see a minimum of 15 photos per week of the kittens enjoying meals during the day after 2:00 p.m. at 7:00 p.m. m. educate the kitten
